Jamie's America

Jamie Oliver

Jamie travelled through America trying real American recipes, meeting the most interesting cooks. *Jamie's America* takes Jamie to the

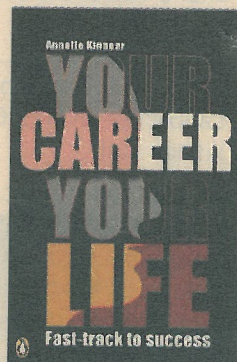

heart of the Americans – the people, culture, music and, obviously, the food. With 120 new recipes, this must-have for any kitchen will spice and delight any aspiring chef.

Your Career Your Life

Annette Kinnear

Unlike so many other self-help books, *Your Career, Your Life* speaks from the heart – the heart of an “everyday woman” who, through years of hard work and sheer dedication, finally reached the pinnacle of not only her life, but her career. Annette Kinnear,

a once well-known and reputed businesswoman on top of her game, shares her tips on reaching your full potential in this exciting notebook for life. *Your Career, Your Life* reveals these important foundations and outlines the holistic and systematic process of career management, ultimately showing that career growth is a process that starts inside and extends outwards.
