Increasing happiness in the workplace

Fire needs ignition and fuel. IRIE Inspiration sparks the flame and provides the material that powers intrinsic human motivation which gets results. South Africans are positive people by nature but negativity at work is a strong force that must be actively, collectively and repeatedly resisted in order to achieve and maintain a truly positive working climate.

Corporate Inspiration

We cannot motivate your staff, but we can inspire them to motivate themselves. We will raise their belief in themselves, each other and their company by creating an intense awareness of their personal potential as well as the opportunities that surround them. Talent Retention - Personal Inspiration Programs

We believe the key to talent retention lies in meeting the individual needs of top performers. Top people are the ones that should get the most attention but usually end up getting the least. At their level self-management is essential but human energy needs to be replenished regularly. Inspi, our friendly IRIE ghost has many tricks up his sleeves to fire up an exhausted crew. annette@irie.co.za, 011-958-5081, 082-600-6793

Corporate Clothing Lease

We feel good when we are dressed neatly and appropriately for the job. Feeling good about our appearance instils pride in our work and craftsmanship. This increases personal productivity. Following the successful German model of providing flawless work clothes on a rotational lease basis, we take care of everything. Do everything you can, to let your people succeed. annette@irie.co.za, 011-958-5081, 082-600-6793

I long to accomplish great and noble tasks, but it is my chief duty to accomplish humble tasks as though they were great and noble. The world is moved along, not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker. Helen Keller
